This e-mail is 2 years old, but just the same it is true and I did write it. Incidentally, I still have the IMQ and use it every day.

I received the following message from Ken Townsend. I like you to look at it and tell me if it is authentic and that you did what is in this message!

Thank You!

#### Motorist Qualification Card

About 4 years ago, here in Texas, I went down to the DMV and simply turned in my DL. They gave me a form to fill out that said: This request is made in the interest of my personal safety and the welfare of other citizens by my own initiative. Check one:

1. \_\_\_ as I am no longer physically qualified and/or mentally alert to safely operate a motor vehicle upon the streets and highways.

2. \_\_\_ as I no longer wish to be licensed to drive a motor vehicle upon the streets and highways.

Next, there was a place for the DMV clerk to sign and date, and a place for me to sign and date. I checked #2. Notice that the form does not forbid me to drive on the streets and highways, it just says that I no longer wish to be licensed. I have been stopped several times by the local police and simply showed them a Motorist Qualification Card that looks like a license but is not.

They looked at it, then looked at me, and said \*Have a nice day\*.
