I know those around you don't know this yet, but they will! Down deep, you sense it, too. Right? I'm so excited for you!"

November 14, 2020

Dear ,

This is a personal letter just to you. Notice: this is not a mass mailing; this letter came to you by first-class mail, not by third-class bulk mail. This is not a solicitation for money. In fact, you will get something of immense value from us absolutely free with no strings attached. So, read every word very carefully because you will never get another letter from us again.

, please keep what I tell you secret, because this information is confidential. These words are meant for you only.

There has existed for many years an exclusive association, a secret society, of some of the world's most famous and powerful people. These include renowned actors and musicians, leading scientists and intellectuals, self-made entrepreneurs and artists, millionaires, professional gamblers, Casanovas, statesmen. Many of these people you would instantly recognize.

This association has uncovered some shockingly powerful secrets. And they share these secrets only amongst themselves. In fact, these secrets are the reason these well-known individuals have achieved great prosperity.

, I have some incredibly exciting news to share with you. The association has analyzed your profile (you'd be unbelievably flattered if you knew who these individuals were). Please forgive us, but we've discovered something special about you.

It seems you, , possess several rare traits we are searching for. Because of these traits, which we'll talk about later, you are eligible to become part of our exclusive club and to share our Greatest Secrets, too, absolutely free! By the way, as you read this, you may be saying to yourself that this is all a bunch of hooey. But I swear on the Bible we will send you our Greatest Secrets free of charge. You see, every year the association selects individuals from around the world possessing your unique traits to share in our secrets - in fact, we are going to reveal to you, absolutely free, the Greatest Secrets of

All Time for Money, Power, Romantic-Love! In your case, your hidden talents must be phenomenal for the members to select you!

Who are these gifted people and how did these gifted people find you? If we told you who we are, the association would be exposed to everyone and, believe me, our secrets are simply not for everyone but only a select few.

But I can shed light on how we found you by first telling you my own story: Seven years ago I was like you. Out of the blue, I received an invitation from the association. Just like you, they said I possessed special traits. I was flattered, excited, yet skeptical. But, when *I accepted their invitation*, they sent their Greatest Secrets to me personally a few days later for free, just as they said they would. Sylvia, my luck changed so completely I thought God must be guiding me, giving me special powers!

, we are the rich, the famous, the powerful - and the crème de la crème of society; famous sports and movie stars, musicians, billionaires, businessmen, intellectuals, and scientists.

Congratulations are in order. You have been chosen to join us,

**Be proud. Not many get this honor.** And those who do, consider this day... the day they received this letter - to be the luckiest day of their life. Let me explain..

**We are the Society.** There is a Latin word for us that means "imperial," "powerful," "lordly," and magisterial." Many consider us the most powerful organization in the world. Period.

Never heard of us? Good! That is how we want it. You will learn our clandestine name in time.

**We go to great strides to ensure our anonymity.** Very few people besides our members and inductees like you, , know of our existence. You should feel pretty special right now. Not many were chosen as a 2020 inductee. But you were. And soon you may reap rewards you never thought attainable.

While *the Society* is covert, our members are extremely well-known, made up of the rich and the famous, the best and the brightest. Almost all of us grew up in humble circumstances. And many of us rose to almost unimaginable prosperity.

**All our needs and wants** - wealth, power, romantic love, and happiness - have been realized. As you will soon see, there is nothing like being a member of the Society.

**I know what you're thinking..**

**"So why is he writing to me?"**

It's simple. I'm obligated by an oath I made years ago to the Society. I happily agreed to recruit a select-few members who are worthy of this remarkable honor.

**I wish I could tell you who I am.** But under advice from my counsel, I cannot reveal my full name. However, I can tell you that under ordinary circumstances you'd never dream of receiving a letter from me.

**But as you soon will realize, these are not ordinary circumstances.** I don't mean to brag, but I'm one of the most famous people in the world. If you own a TV, listen to the radio, browse the

internet, there's barely a day that goes by that I'm not mentioned in a news story.

I reside in the upper echelons of wealth and power. But I've also known tragedy and heartache, too. I'll tell you more about my back story as you read on.

You'll note that this letter is marked **"FOR YOU ONLY, CAPITONYM"**. It is meant to be read by you and you alone, . Its contents are TOP SECRET and contain sensitive information which cannot be shared by anyone except the recipient.

For now, I want to concentrate on YOU. The good news for you, Sylvia, is that this letter serves as your invitation into the most exclusive, privileged and powerful organization that has ever existed. We've existed since the time our republic was born, over 236 years ago!

We'd like for you to join us. If you accept, I'll immediately award a **gift of immense value** to you... free of charge. And you are not obligated in any way.

So I urge you to read every word very carefully. This letter is truly life-changing. In fact, you won't believe just how fast you can go from average Joe to powerful mogul where everything you've ever dreamed lies at your feet. Not in a year or even months. I'm talking about a few short weeks.

Again, I know what you're thinking, "This can't be real. It must be a scam of some kind." Let me assure you everything I've told you and am about to tell you is genuine. It is not a joke, a gimmick, a hoax, a come-on or a con job. And you don't have to commit to anything in order to get something invaluable from the Society. It's a **special one-of-a-kind** gift the likes of which you've never seen or heard of before.

This is my GIFT to you, . And accepting this gift will not obligate you in any way for anything. Not now. Not ever.

On the contrary, this is all about what we, **the Society** can do for YOU,

I hope I got your attention now. These words are intended for your eyes only. They are not to be shared with anyone else. As you read on, it will become clear why this is a primary consideration.

Today is a lucky day for you. I want to share our **Greatest Secrets** with you. Although you will make a lot of it once you know these secrets - this is not about money! They're yours without cost or obligation.

You've earned them, .

Now, let me tell you a little more about this fabulous gift.

The Society has uncovered **the World's most powerful secrets**. Most people will never know them. We are only willing to share them with our members.

These secrets have been passed down from generation to generation. They'll enable you to attract money, power, and love automatically. It will be like a moth to a flame.

Every successful person throughout history knew the secrets. And that's why they were successful, rich, happy, healthy, and powerful. It's a blueprint for your success. And I will send our Greatest Secrets

to you **FREE** of charge. Why?

**Because I am nominating you for  
membership into the Society.**

These scrupulously-guarded secrets have enabled members to achieve incredible wealth and prosperity.

, have you ever wondered HOW certain individuals become wealthy, famous, and prosperous beyond all measure? It's not luck. It's not pre-ordained. It's certainly not that they're so much smarter than everybody else. It's something else that catapulted them to unfathomable riches and success that ordinary folks can only dream about.

The fact is, their success is attributable to the powerful secrets they've learned from us. Secrets that I hope to pass on to you, .

The good news is, if you choose to be part of our Society, **I'll share our Greatest Secrets with you...absolutely FREE!**

**Which brings me to perhaps the most important question of all: Why you?** Why did we select you to receive this incredible FREE Gift? What did you do to deserve them?

The answer is simple. You see, you've been on our radar for quite some time. It's our business to keep tabs on people. Not for nefarious purposes. But we like to add to our ranks so we can get even stronger.

, you may not realize it. **But you possess many of the characteristics, traits and qualities we admire.** And they make you an ideal candidate for membership into our Society.

You are kind, almost to a fault. You make and keep friends easily. Your word is your bond. You've lived your life honorably, always striving to do the right thing and to do your best at all times. You almost never cut corners.

And you've always put your own ambitions aside and put the needs of others ahead of yourself.

We've noticed. In fact, **we know a great deal about you.** You'd be surprised at how much we do know.

We've also noticed that you've struggled a bit lately. Things haven't gone the way you've planned. The financial condition has put good people like yourself behind the 8-ball. Sometimes you wonder if you can even keep your head above water.

**You could use more money,** not only for yourself but to give to those closest to you, those who rely on you, a better life.

, once you receive your **totally FREE Greatest Secrets package** from me, you'll have access to information that can put some big bucks in your pocket — \$5,000, \$10,000, even \$100,000 cash — in a matter of a few short weeks!

But there's a lot more to these **FREE Secrets** than just financial gain. They apply to every aspect of your life.

From the moment you lay your eyes on them, you'll know exactly how the beautiful people in the world stay that way. How the influential continue to dominate. How the movers and shakers set the pace for the

rest of us.

You'll also discover the quick, easy ways to **stay young and energetic**, long into your 80s, 90s, and beyond. It's not possible you say? Look at Warren Buffet, the "Oracle of Omaha", who at age 89 is still the most foremost investor in the world. When he talks, the entire country listens.

Or Viacom CEO Sumner Redstone, age 98. These businessmen stay active and relevant, sharp as a tack, long past the time when ordinary folks have retired.

**How do they do it?** They learned **these secrets** many, many years ago. And you can too just by saying "YES" today.

Have you ever heard of the old saying that **a small but elite group of about 3,000 people control the entire world**? While somewhat of an exaggeration, I can assure you that a relatively small but incredibly powerful group of individuals do control many of the world events you see unfolding in the news.

**We are the Society.** And now you can join our ranks and wield power and influence that truly knows no bounds.

This is important because after all these years , you never thought you'd get a break. I'm here to assure you that it's all going to change...starting right now. **Doors will open.** And you'll take your rightful seat as a preeminent member of the most powerful secret organization in the world.

, there's a story I heard years ago that I believe to be true. It involved the great physicist, Albert Einstein who, believe it or not, was caught in a love triangle.

It has been said that **once in possession of the secrets**, he was able to crack the secrets of relativity and go on to discover the most famous equation in history,  $E=mc^2$ .

But what isn't very well known is that Einstein, believe it or not, had quite a vigorous and unusual love life. It was a bit scandalous at the time, but Albert wanted to get a divorce so he could marry his mistress.

But getting his wife to agree wasn't going to be easy. But Einstein had a genius of a plan. He told her that he would give her his winnings from his Nobel Prize. She agreed without hesitation.

**Now here's the shocker:** Einstein pledged the money to her in 1919 and won the Nobel Prize in 1921! He had that much confidence that his ground-breaking ideas would be recognized. But how did he know so far in advance?

**He was armed with the secrets**, the same secrets I want to share with you! Einstein transformed himself from an ordinary citizen into the most famous, most revered man in the world!

In fact, he was named Time Magazine's "Person of the Century." Not too shabby for a patent clerk.

I mention this story for two reasons. First and foremost, it illustrates the power of the secrets. But it also demonstrates that it doesn't matter who you are or your station in life. Anyone and

everyone can rise to the top once you know the secrets.

But in this case, Albert Einstein is every man, an ordinary Joe just like you, transformed by the power of the secrets into mythic-like status.

**Can you too reach the top rung and achieve superstardom?** With the secrets, nothing is impossible. And now that I think about it, I realize that many of our members rose up from rather poor beginnings to attain every dream they've ever dreamed. So I would say if you follow them as they are written, you too will achieve your heart's desires.

**You'll fear nobody** because you'll be comforted by your rich new friends. You'll feel bold so you can take advantage of any business situation or personal relationship.

Let me assure you that once in possession of your FREE secrets, genuine, lasting prosperity will finally be at your fingertips. Anything and everything is possible.

And your success snowballs. You'll meet people who want to partner with you. And **your wealth and power could grow exponentially.**

Imagine - you sit next to someone at a restaurant and start talking. Out of the blue, it turns out that this person is a multi-millionaire with homes all over the world. You strike up a friendship. And doors start to open for you like never before because money begets money.

**Now it's time to reveal more about me.** As I said earlier, under advice from counsel, I cannot reveal my full name. However, I can tell you that I'm one of the most powerful people in the world.

If you own a TV, read a newspaper or browse the internet, you know me. I don't mean to brag, but I have all the wealth, power, sex, and authority that I will ever need.

I'm not looking for money, for fame, or anything else for that matter.

I wasn't born with a silver spoon in my mouth by any means. As a matter of fact, it's quite the contrary.

**While my life is now a fairy tale, I grew up in extremely poor conditions.** I endured the slings and arrows of a bad home life. My father was a miner who died tragically in accident a few months before I was born. My mother, needing to find a way to support the family, left me in the care of my grandparents while she left to study nursing.

When she returned, she married a guy who turned out to be a con-artist who constantly abused my mother. While we endured the slings and arrows of outrageous fortune, we did so as a tight-knit family. And somehow, in some way, we survived.

I had my sights set on law school, but honestly, I had no clue how I'd be able to pull it off. But then again, my Mom always taught me to dream big.

**One day, I got the shock of my life.** In the mailbox was a letter that changed my life. It's just like the letter you're reading now. A stranger right out of the blue was offering me a chance to join the Society, the super-society of the ultra-rich and powerful.

**Become a member of the Society** and I would be rewarded with their innermost secrets. An exact blueprint of foolproof tips, techniques,

and shortcuts that would catapult me into an extraordinary new life.

Like an invisible, unseen hand, they swore to guide me through uncharted waters so I could overcome any obstacle, face any negative situation and turn it 100% in my favor.

I could have what only a few people in the whole world possess – the secrets that could make me rich, powerful, successful and in control of ANYONE, ANYTIME, ANYWHERE for the rest of my life.

NOTE

CAPITONYMS This was an amazing surprise to me, completely opposite to having to push and claw your way for everything you got.

Naturally, I decided to look a gift horse in the mouth. It **sounded too good to be true. I tucked the letter away in my desk.** Normally, I would have tossed it in the trash. But SOMETHING made me save it.

It gnawed at me for an entire week. Then I had a revelation – simple, clear, powerful, perfect. What did I have to lose? It wasn't costing me anything so why not send for my **FREE secrets** and see what happens?

That may seem like no big deal to you , but it really had a powerful impact on me. Just then, I felt...different. I was empowered. I felt that this was my destiny. And all I had to do was **say YES to my FREE secrets** and the world would be at my feet.

It was an amazing, euphoric moment! It was almost like that invisible hand I told you about before was pointing the way to my true destiny. Was it a higher power? A sign from above? Perhaps.

Maybe the members of **the Society** felt I was special enough to warrant selection into their exclusive society. Who was I to say no? This was my calling, my big chance in life. I probably would not get another.

**A few weeks later, the secrets arrived at my door.** I took action and made a quick buck in the stock market. A small \$100 investment turned into \$10,000 practically overnight. I was stunned. I now had the money to go to law school – and then some.

From then on, I have been following a golden brick road. Of course there are always setbacks in life. But you'll be able to overcome all the negativity and all your enemies who don't want you to be rich and successful.

I did. I rose to the pinnacle of power, and was for a time considered by many to be the most powerful man on earth.

When I faced hardship, I used the tips and techniques I learned to beat back the opposition. And, incredibly, I emerged stronger and more prosperous than I ever was! I owe it all to the secrets.

Look, , the truth is, deep down inside, you've always felt special. You always knew you were destined for more than you've gotten out of life so far. Now, here's your chance to apply some incredibly easy secrets to acquire money, power, love in ALL situations.

Whatever endeavor you try – the stock market, your investments, your career, your co-workers, business, politics, personal and romantic situations, even games of chance like poker – we'll show you how easy it

is to profit each and every time.

**One more important point** , that I can't stress enough: These secrets are, in fact, all based on science. It's a proven scientific method that's been tested on thousands and thousands of people. And they ALWAYS work. 100% of the time!

Think about it. Everyone says there are only two "sure things" in life: death and taxes. Those of us in the Society always laugh at this notion because we know that **these secrets** are the third "sure thing" you can take to the bank again and again.

Allow yourself to imagine how you'll feel with money in the bank (more cash than you've ever dreamed about), power to influence those around you to do your bidding, romantic love abounding, great luck that sticks to you like a magnet, even fame (if you want it) that others will envy.

**Which brings me to another key point: Why are we contacting you now?** Why didn't we reach out to you five years ago or ten years ago? Again, this is by no means a random process.

**As I said earlier. You were on our radar for quite a while**

. But you were not ready. You were going through a lot at the time and would not have been as receptive as you are now.

We now feel you're about to reach a new "beginning point" in your life. You've put behind you all of the heartaches and disappointments and are ready to start anew.

**You are entering the most important phase of your life** – the phase of Receptivity. Ever notice that almost everyone who has ever made it in life – from politicians to businessmen – has gone through their share of losses (even those who seemingly had it all since birth)?

Whether they've gotten fired from a job, were cheated on by a spouse or lover, ended up broke, disillusioned and disappointed, they all say they had to bottom out BEFORE they could climb their way back to the top.

We all know what you've been through, , and it wasn't easy. But you're now ready for true Receptivity. You're older and wiser. You're no longer judgmental or negative. You're no longer feeling sorry for yourself. But you're even more determined to succeed, if you're only given a chance.

That's why I'm contacting you now for the biggest opportunity you will ever have, , **an opportunity that will change everyone who's close to you too.**

And all you have to do is say YES to exclusive membership in **the Society**. And we'll immediately reward you with our **Greatest Secrets** – **absolutely FREE of charge.**

Well, , there is one thing that I must ask of you. When I joined the Society, there was only one caveat in the letter. And that caveat still stands today...that anyone who is invited into our Society must pay it forward.

I took a solemn oath when I joined that I would pay it forward to someone who truly deserves admission into the Society. And I am duty-bound by my oath to the Society.

**I have no secret agenda to fulfill.** I'm not asking you to do

a magnet to do your bidding.

- Learn how easy it is to get everyone you meet to like you instantly.
- Discover how to arm yourself to detect negative, cheating or deceptive people or ploys and render them completely powerless and under your spell.
- Find out how to make every relationship work — spouse, lover, kids, friends, co-workers so it's more fulfilling for you and for them.

I want to assure you that all **the secrets**, every last one of them, are completely legitimate and ethical. You do not need any special skills to implement them. It doesn't matter where you live or how old you are. And you can do it all from the comfort of your own home.

You might be thinking that these secrets are difficult to learn and hard to master. Nothing could be further from the truth. In fact, like all other brilliant ideas or formulas, they're **amazingly simple and easy to understand**.

Best of all, once you learn the secrets, they'll become second-nature to you. You won't have to struggle to recall how to use them. It'll be part of you, and when you need to apply them day in and day out, you'll recall them automatically without effort. It's really quite incredible.

There are other secret societies that are only talked about in whispered conversation in the shadow. Perhaps you've heard about **Skull & Bones**, the Society of Yale University. Founded in 1832 and referred to as the "**Power Elite**," no official rosters were ever published after 1892.

It is rumored that former President George Herbert Walker Bush as well as his son, George W. Bush, are members of Skull & Bones. But, of course nobody will ever confirm it.

**Their mission and membership remains under lock and key.**

I can truthfully tell you that Skull & Bones is a country club compared to the power and influence of **the Society**.

, we at **the Society** believe opportunity truly does knock for everyone. **BUT ONLY ONCE**. For every person that makes it big, they had the ability to recognize the opportunity as soon as it presented itself — and then they acted on it without a second thought.

So I urge you, , don't over-think the situation, don't dwell on any perceived negatives. I promise that you have nothing to lose and whole lot to gain.

Don't be afraid to act, fearing the worst. In this case, a golden opportunity has come knocking. And this is your time to shine, if you seize the moment.

I'm betting that we know you maybe even better than you know yourself. I believe you're not going to pass up this opportunity. You've been in a life that's not up to your standards. Here's your chance to move up high and enjoy the life you truly were meant to enjoy.

It's almost like it's been preordained. But again, you have freewill. You can decline our amazing offer. I think you're going to

accept because you feel the excitement of a new life beating inside you.

**Every one of our members has flourished**, enriched their lives in every way, becoming phenomenally more prosperous, more relaxed, more confident, more in control of himself/herself and others. And blissfully happy, living life the way it was meant to be lived.

If you can't say that now (and how many people truly can?), then it's time for you to mail your FREE Membership Certificate, join our esteemed ranks, and get our life-changing **Greatest Secrets FREE** as our thank you gift.

So to ensure your Receptivity phase is realized, just mail or fax back your enclosed FREE Membership Certificate on or before this Friday, November 20, 2020. **I'll rush our Greatest Secrets to you, totally FREE.**

Sorry for the tight deadline, but I am duty-bound to enlist 20 new members. It is a number set in stone. So if I don't hear from you, I will go to the next name on the list and so on...until I recruit a maximum of 20 new members.

**One final point:** In case you're wondering if our members ever get tighter, the answer is YES! Before too long after joining us, you'll be ready to meet with us as an esteemed member of the Society.

We do everything in grand style and this is the ultimate event. We hold a huge bash at a secret (what else?) location the likes of which you have to see to believe. You'll rub shoulders with the rich and famous, dine on succulent cuisine from master chefs, and drink the finest wine and champagne money can buy.

Best of all, you'll make friends with other important members that'll enrich your life even more.

I just love these wonderful get-togethers! One of the highlights that never fail to draw a huge laugh from the crowd is when one of our new members meets up with a celebrity they've long admired. Some just hem and haw. Others just stand transfixed, unable to move or utter even a single syllable. The reaction is priceless! But you'll be surprised how quickly they fit in and become "one of us."

Keep in mind; you'll be on equal footing. Everybody in attendance has the same stature in life. You, me, and all the members are powerful members of the most powerful organization on the face of the earth. It's quite an exhilarating feeling, I must say.

Being a member of **the Society** feels like a blanket of protection has been laid over you. You'll have the peace-of-mind that you've never had before. And you'll be amazed at how easily good things will come your way without even trying.

**, great things are in store for you.**

Start by accepting your FREE Membership and our **Greatest Secrets for FREE**. It doesn't matter what your background is. It doesn't matter what your education level is. You don't need any special training. People in the Society are both older and younger and in-between, male and female...it does not matter. Your character, , is what attracts us to you.

The only thing that does matter is your desire to join us. The desire to improve your lot in life. But you must reply on or before

this Friday, November 20, 2020. At that point, if I have not yet heard back from you, I must offer this FREE Membership and FREE Secrets to the next person on our list.

If that sounds harsh or mean, it isn't.

We are an organization that thinks fast and moves fast. There's an old saying: "Either lead, follow or get out of the way." We are the leaders and we want you to join us. If you waver in any way, you are not the person we thought you were.

I don't mean to be hurtful, but it's the truth.

We're looking forward to welcoming you to our exclusive Society. Mail or fax your FREE Membership Invitation now before it's too late.

It will change your life, . I guarantee it.
