

Motion for Petition for Writ of Habeas Corpus

Court review is impracticable well within the context of Rule B(1)(c) because there are no judicial officers in the US Court System. Brett Michael KAVANAUGH is the only qualified judicial officer, apparently. This cause is directed specifically to Justice KAVANAUGH based on the oaths at the end of this Motion. *and to Justice GORSUCH*

A prison without bars should be defined. A man obligated to appear as (if) a criminal is *in vinculus* - the chains of a bond agreement. The entire booking system for the US Courts is based in a fraud and should be rectified with the rectification of Article III Courts. Therefore, with faulty fidelity bonding of the "judicial officers" all federal judge oaths should be corrected in form and sworn afresh before proper judicial Witnesses. A firm legal foundation for this matter to be heard is that a cold case for murder has no statute of limitations; no time period where it cannot be investigated.

Additionally Tony CASO, apparently a real IRS agent has intentionally defrauded Wells Fargo bank and Citizens Bank (and two more financial institutions) to divert \$4,352.29 from 's account to the IRS (Citizens Bank).

Please refer to THE PUBLIC PAPERS AND ADDRESSES OF FRANKLIN DELANO ROOSEVELT; 1933, Page 780 bottom of the page. Thomas P WALSH, apparently disagreeing with the use of the Trading with the Enemy Act for a gold seizure with the Great Depression treated as a wartime foe, died suddenly on the eve of the Bankers' Holiday and was replaced as quickly.

The main construction of the *American Prison* described here is the 1917 Trading with the Enemy Act (TWEA). Which was ruled, *Strictly a war measure* by 1921 in STOEHR v.

WALLACE but dusted off for use in Franklin Delano ROOSEVELT - FDR's "war" against the Great Depression in 1933. FDR ordered Americans (US citizens) as the new "Enemy" to cash in their gold and gold certificates. Period. The only compensation being offered was the currency, Federal Reserve (bank) notes found in the Federal Reserve Act of 1913 at Section 16; "They shall be redeemed in gold on demand..." One did not have to accept (to endorse) Federal Reserve notes in exchange for their gold, but one could not legally hold on to their gold.

By 1935 requirements to become a member bank by endorsing private credit from the Fed were lowered to the point that anybody could handle Federal Reserve *bank* notes as private marker chits, simply by endorsing (by signature on the back of the instrument) private credit from the Federal Reserve System. §411. Issuance to reserve banks; nature of obligation; redemption

Federal reserve notes, to be issued at the discretion of the Board of Governors of the Federal Reserve System for the purpose of making advances to Federal reserve banks through the Federal reserve agents as hereinafter set forth and for no other purpose, are authorized. The said notes shall be obligations of the United States and shall be receivable by all national and member banks and Federal reserve banks and for all taxes, customs, and other public dues. They shall be redeemed in lawful money on demand at the Treasury Department of the United States, in the city of Washington, District of Columbia, or at any Federal Reserve bank.

Regardless of HJR-192 being rescinded or whatever, and that by 2016 (70th Jubilee since the sacking of Jericho) Title 12 USC §95a is "Omitted" from the Bankers' CODE the TWEA lies as the foundation for the misperception that endorsement of Federal Reserve bank notes (Federal Reserve notes) is a mandatory act. Redemption of the individual from this National Debt (Original Sin; generational curse) has always been available. The remedy to dispel the delusion of a mandatory compliance to endorse is found in the Federal Reserve Act at Section 16, and is codified at Title 12 of the USC at §411.

Title 12 USC §411 states, "They shall be redeemed in lawful money on demand..." The States all demand lawful money for payment and thus the States enjoy exemption from income tax. States are comprised of people, *We the People* in fact.

Because we enjoy the right of redemption we may simply make our demand for lawful money according to law. has made his demand quite clear, to both the US Treasury and the Federal Reserve bank, and beyond.

This habeas corpus is particularly useful for the US Supreme Court to rectify the Judiciary and revive fully Article III Original Jurisdiction. Federal judges, acting as central bank clerks under such a thin veil as minor alterations in the oaths of office has grown to thin ice. Rectification of Judiciary should be executed before all faith in the Justice System is lost permanently.

The Court is moved to please restore 's funds to his Citizens Bank account, and prosecute Tony CASO for grand theft as an example for all IRS agents, to teach that regardless of how the IRS agent feels about any particular case process should not be falsified in

order to collect perceived tax liability. The Redemption of _____ should be fully honored and any money owed since _____ making demand for lawful money should be paid by US Treasury check immediately, including any penalties and interest.
